KU CORE RECERTIFICATION REVIEW FORM

GOAL 6: INTEGRATION AND CREATIVITY

The University Core Curriculum Committee (UCCC) is responsible for recertifying all KU Core courses. In order to achieve this goal, the UCCC asks all departments and programs that offer KU Core Goal 6 courses to complete and submit Recertification Review Forms to the UCCC by September 11, 2020. The KU Core site explains how you can upload these forms once you complete them.

RECERTIFICATION/ASSESSMENT:

1. Is the course offered only at the junior or senior level?
2. How does the course lead to the integration of knowledge within or across disciplines? Your response should identify specific instruction or a project that explicitly involves integration of knowledge.
3. What kind of creative product (for example, a performance, paper, or presentation) is required of the students?
4. How are the students evaluated for integration and/or creative thinking?

5. Using data drawn from assessment tools described in the previous question, evaluate how effectively students in the course have been achieving the advanced education goal of practicing social responsibility and demonstrating ethical behavior.
6. Even in successful courses, student learning can always be improved. Based upon the evidence you collected about student learning in your course, please describe a plan for how the course might be refined in order to further increase students' ability to integrate knowledge and think creatively.
7. Please attach a copy of the syllabus for the most recent offering of the course. You may also attach other documents to illustrate the learning activities and assignments described in the previous questions.

Thank you for your participation in the KU Core!
